

JAVIER FERNANDO RENTAS

javy.rentas@gmail.com • 336-979-2240

EDUCATION

Brigham Young University - Idaho

April 2023 - April 2027

Bachelor in Computer Engineering in Major

- Algorithm Design, Programming with Functions, Programming with Classes, Fundamentals of Digital Systems, Electric Circuit Analysis 1-2. Calculus 1-3. Physics 1-2, Microprocessor Based System Design, Programming with Data Structures, Discrete Mathematics, Computer Architecture, Digital System Design

EXPERIENCE

ArchVision - Junior Programmer; Fayetteville, NC

August 2024 - December 2025

- Created, implemented, and documented over 30 endpoints to the API
- Reduced server run-time cost by 15%
- Interacted in team daily meetings to plan objectives of the day and report on completed assignments

PROJECTS

Microprocessor Design

April 2024 - July 2024

University of BYU-Idaho

Rexburg, ID

- Modified previously built registers to include 3 ports, enabling microprocessor function to read 2 register at a time
- Programmed 2 ROMs using hexadecimal to split and simplify functions used in microprocessor
- Added a 4 bit subtraction function to ALU allowing for simplified operation

Starving College Students - Recipe

January 2026 - April 2026

University of BYU-Idaho

Rexburg, ID

- Acted as the lead backend software engineer and data engineer.
- Conducted weekly meetings of a 5 member group to organize, delegate, and report progress of the project
- Presented the progress of the project to a larger group of developers to share ideas and receive feedback

Stereo PCB Design and Production

January 2026 - April 2026

University of BYU-Idaho

Rexburg, ID

- Utilized Altium Designer Pro to design PCB for the Buffer, Mixer and Mic, and Treble and Bass functionality of the stereo
- Soldered the different components of the PCB together and assembled into the stereo circuit board
- Utilized an oscilloscope, a function generator, and a digital multimeter to perform tests on each PCB

SKILLS

- Proficient in Python, C#, and JavaScript
- Familiar with VisualStudio Code
- Soldering
- Proficient in operating oscilloscopes, function generators, and multimeters
- Fluent in speaking, reading, and writing in Spanish
- Associate Certification in Solidworks

- Communication
- Teamwork
